License Management System

**Launch : Mar. 18, 2019**

**You can rest assured there is no need to change anything for this release.**

Renewal

## Team is reborn into Quadcept Account / Manager

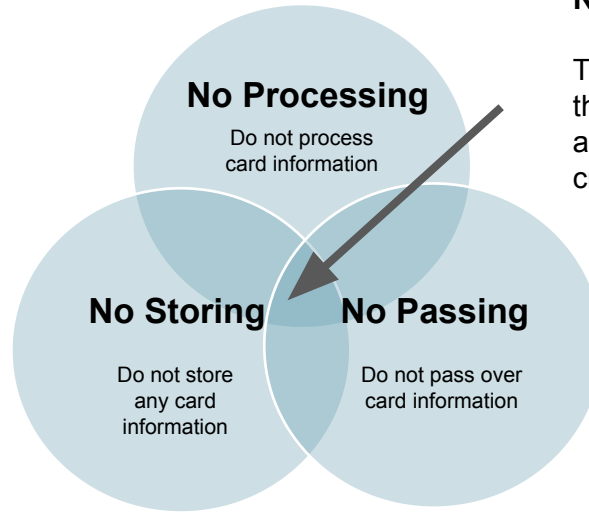

In order to provide you with even more professional and efficient services, we have divided a license management system, “Team” into “Account(Account management system)” and “Manager(License management system)”.

# Much Safer with Highest Security System

## Enhanced Security

Non-retention of credit card data

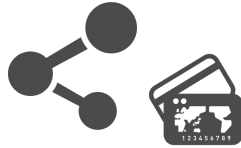

## Non-Retention of Credit Card Data

The new Quadcept Account fulfills all of these three requirements for non-retention, and we now completely do not retain any credit card information.

# Manage Your Team More Efficiently with Enhanced Authority / Sharing Feature

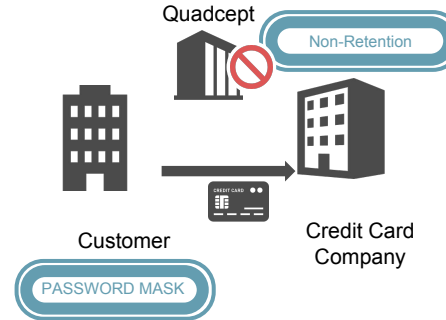

## Enhanced Security Enhanced authority feature

### Sharing Payment Method

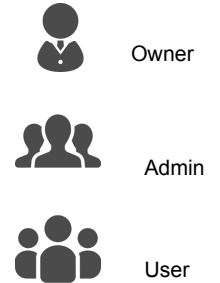

Credit card information is now sharable within a team by an owner authority.

### Enhanced Security

We now do not store, process or pass over credit card data to strengthen security in credit card transactions.

### Extended Authority Settings

An owner authority has been added to the system. This allows you to manage your team more efficiently.

## Pay Later

## Pay Later

You can now choose Pay Later as your payment method when you purchase Quadcept licenses.

Closing at the end of the month  
Payment at the end of the following month  
(Available on a monthly basis)

## Flexible License Purchase / Renewal

# More Convenient with Quadcept Manager

You can now buy / renew your license more flexibly.

Renew your license  
at any time

Buy new and renewal  
licenses at the  
same time

**Auto**

Turn auto license  
renewal service  
on / off

Multiple contracts have become easier!

# Visualized License Usage

## Visualized License Usage

You can view how much your licenses are used.  
This helps you to manage your team's licenses more efficiently.

\* The license usage visualization is scheduled to be released by the end of this year.
